

Application for membership of the Graduate Research Academy RNA Biology

The Graduate Research Academy RNA Biology is part of RIGeL. If you are working on a topic related to RNA biology and if you want to benefit from our program please fill out the following form and send it to the Coordination Office of the Graduate Research Academy (Susanne.oswald@biologie.uni-regensburg.de).

Members of the Graduate Research Academy will directly benefit from:

- the possibility to spend short term research visits in operating labs abroad
- the participation in special key competence seminars
- the participation in international method courses and conferences
- the employment of personal assistants for the own PhD project
